5. [] SR, telephoned in connection with [] 25X1C
He advised that it is expected that the first article will appear approximately the 11th of March. In view of the Director's instructions and his talks with C. D. Jackson, it was agreed that no contact would be made with the committees until the 2nd or 3rd of March. Any arrangements with the congressional committees would be for executive session with release of testimony no earlier than 9 March. Accordingly, I will discuss the matter first with HCUA to see if they have any interest and if appropriate arrangements can be made. (On 25 February this was discussed orally with the DCI. Later in the day the Director called requesting that no action be taken this week and that I get together with him and Colonel Grogan prior to approaching the Hill. Presumably he will wish [] present.) 25X1A 25X1A

6. The Director accompanied by Scoville, [] and Legislative Counsel appeared before the House Committee on Science and Astronautics. The membership seemed interested in the briefing and it went very well. See Memorandum for the Record. 25X1C

7. [] (SE Division) called in connection with Ben Mandel's prior conversation with us concerning [] 25X1A
[] mentioned our prior contacts with [] and said that they were looking into the possibility of contacts with [] but would have to obtain the necessary clearances before contact was made. This is being handled by OO - Mr. [] 25X1A

8. In connection with Ben Mandel's suggestion that we have [] [] make an analysis of Khrushchev's long speech, [] (FDD) indicated that we had a number of well qualified analysts who have already made such analyses of this speech [] 25X1A

9. Robert McManus, Senate Internal Security Subcommittee staff, called our attention to an article by Gerald Clark of the Montreal Star concerning recognition of Communist China. McManus, who is writing some material on China, felt the article would be of interest to us. The information was passed on to Colonel Grogan's office.
